# Terms & Conditions

By downloading or using the app, these terms will automatically apply to you – you should make sure therefore that you read them carefully before using the app. You're not allowed to copy, or modify the app, any part of the app, or our trademarks in any way. You're not allowed to attempt to extract the source code of the app, and you also shouldn't try to translate the app into other languages, or make derivative versions. The app itself, and all the trade marks, copyright, database rights and other intellectual property rights related to it, still belong to iDismiss LLC.

iDismiss LLC is committed to ensuring that the app is as useful and efficient as possible. For that reason, we reserve the right to make changes to the app or to charge for its services, at any time and for any reason. We will never charge you for the app or its services without making it very clear to you exactly what you're paying for.

The iDismiss app stores and processes personal data that you have provided to us, in order to provide our Service. It's your responsibility to keep your phone and access to the app secure. We therefore recommend that you do not jailbreak or root your phone, which is the process of removing software restrictions and limitations imposed by the official operating system of your device. It could make your phone vulnerable to malware/viruses/malicious programs, compromise your phone's security features and it could mean that the iDismiss app won't work properly or at all.

The app does use third party services that declare their own Terms and Conditions.

You should be aware that there are certain things that iDismiss LLC will not take responsibility for. Certain functions of the app will require the app to have an active internet connection. The connection can be Wi-Fi, or provided by your mobile network provider, but iDismiss LLC cannot take responsibility

for the app not working at full functionality if you don't have access to Wi-Fi, and you don't have any of your data allowance left.

If you're using the app outside of an area with Wi-Fi, you should remember that your terms of the agreement with your mobile network provider will still apply. As a result, you may be charged by your mobile provider for the cost of data for the duration of the connection while accessing the app, or other third party charges. In using the app, you're accepting responsibility for any such charges, including roaming data charges if you use the app outside of your home territory (i.e. region or country) without turning off data roaming. If you are not the bill payer for the device on which you're using the app, please be aware that we assume that you have received permission from the bill payer for using the app.

Along the same lines, iDismiss LLC cannot always take responsibility for the way you use the app i.e. You need to make sure that your device stays charged – if it runs out of battery and you can't turn it on to avail the Service, iDismiss LLC cannot accept responsibility.

With respect to iDismiss LLC's responsibility for your use of the app, when you're using the app, it's important to bear in mind that although we endeavour to ensure that it is updated and correct at all times, we do rely on third parties to provide information to us so that we can make it available to you. iDismiss LLC accepts no liability for any loss, direct or indirect, you experience as a result of relying wholly on this functionality of the app.

At some point, we may wish to update the app. The app is currently available on iOS – the requirements for the system (and for any additional systems we decide to extend the availability of the app to) may change, and you'll need to download the updates if you want to keep using the app. iDismiss LLC does not promise that it will always update the app so that it is relevant to you and/or works with the iOS version that you have installed on your device. However, you promise to always accept updates to the application when offered to you, We may also wish to stop providing the app, and may terminate use of it at any time without giving notice of termination to you. Unless we tell you otherwise, upon any termination, (a) the rights and licenses granted to you in these terms will end; (b) you must stop using the app, and (if needed) delete it from your device.

iDismiss app has been designed as a school dismissal management system. The manner in which each school uses the app is completely up to the school administration and its staff. The iDismiss app has not been designed to prevent traffic accidents, student abductions, family legal rights to pick-up their children or missing children from a school. A school campus has full responsibility for how they implement rules and procedures when managing the safety of their students.

Our application manages its data in a cloud based server system. Be sure to comply with your state, local, and district requirements in the use and management of your student data. All the information that you upload will be available only to you and the users you authorize in your campus. Our privacy policy states that we do not share any information with third party vendors. Nonetheless, you are not required to upload photos of students if you choose not to do so. You can fully and effectively operate the application by leaving the vector image created by default.

By using this application, your organization waives and releases, indemnifies, and forever discharges iDismiss LLC, and its agents, employees, officers, directors, affiliates, successors, members, and assigns, of and from any and all claims, demands, debts, contracts, expenses, causes of action, lawsuits, damages and liabilities, of every kind and nature, whether known or unknown, in law or equity, that you ever had or may have, arising from or in any way related to the services being provided to you by iDismiss LLC provided that this waiver of liability does not apply to any acts of gross negligence, or intentional, willful or wanton misconduct.
